

JUNIOR RANKING GUIDELINES

These rankings are based on points achieved based on a players finishing position in any Squash Wales sanctioned “open” event.

In the Under 11, Under 13, Under 15, Under 17 and Under 19 age groups the rankings will take the best 4 results achieved by a player over a 12 month rolling period. Any points achieved by a player in an event during a season will be replaced by the points achieved by that player in the same event in the following season.

Points achievable for each event are as shown on the Points Awarded for Finishing Positions document – see the link on the main Rankings page on the website.

When a player moves into a higher age group 30% of the points earned by them in the lower age group will be carried forward to count in the higher age group ranking.

Any player who pulls out during a tournament and does not notify the Tournament Director and/or does not provide a medical certificate within the required timescale will receive zero ranking points for the tournament and this will be included as one of their best four results over a 12 month rolling period.

The ranking list will be updated after each event.

To be eligible for inclusion in the Junior Rankings a player must be registered with Squash Wales in one of the following ways:

- Individual Member
- Excellence Squad Member
- National Squad Member

Players will be given a probationary period of 3 months to comply with all necessary areas of registration that apply to them. If they fail to do this they will be removed from the list.
