

## NEW LOOK FOR THE NEW SEASON

Words by Damian Burgess 1.9.2012

Wales Squash and Racketball rebranded in the summer, with a new logo and corporate identity the National Governing Body has now changed its website. The old Squash Wales website still exists online and will remain active as a source of archived results.

The new website will be updated daily with news from all over Wales in our local news as well as National news and International news; the website will have links to all the ways you can connect to WSRB online like twitter and facebook as well as links to external websites.

The key information like policies and procedures will be available as well as the much viewed junior and senior rankings, the league result system will still be available in its new look for the new season. Everything that was available on the old site will still be available in its new home, links to facebook and twitter can be found at the top of every page, interacting with Wales Squash and Racketball has never been easier.

The new website will also include a shop, available in the shop would be shoes, balls, rackets and much more, all available to purchase online with discounts for WSRB members.

Printing • Embroidery • Team Wear Specialists

When the new website [www.walesquashandracketball.co.uk](http://www.walesquashandracketball.co.uk) does go live we would love to hear what you think of it, have we missed anything, are there any broken links or links missing? Email [sue.evans@wsrb.co.uk](mailto:sue.evans@wsrb.co.uk) or [damian.burgess@wsrb.co.uk](mailto:damian.burgess@wsrb.co.uk) with any info on what you think of the new site.

We hope you like the new look website, it may take some getting used to but for the time being both websites will be running alongside each other.

Words from *Damian Burgess* Press Officer, Wales Squash and Racketball
