

## **Sue Evans - Finance & Office Manager**

Sue was a Director of e-equal Management Services Ltd, consultants and auditors for internationally recognised quality systems for companies that specialise in software development so she is more than qualified to cope with the intricacies of the Squash Wales website.

Sue has revolutionized the organisation of the office and our improved efficiency is due to her diligence and determination.

Her cheerful personality and down to earth manner make Sue a pleasure to work alongside.

The fact that Sue has never played squash in her life has ensured that she treats all personnel with equal regard.

Thank you Sue. You have achieved the impossible and re-organised Chris Robertson and Mike Workman into smooth operators – well nearly.
