Well done everyone! Now as I look around the room what is truly fantastic is the cross section of ages here tonight as that's what is fantastic about squash – you can take up the game at whatever age and anyone can pick up a racket and get involved while it's a sport that can enhance a person's life both in physical well-being and socially – so let's now focus on shall we say the mature players and have a closer look at what is going on here in Wales in terms of not just our youngster, but the Masters too..

to present- Masters Chairman – Nick Guard

LASTLY

So enjoy the rest of the night - get your dancing shoes at the ready as there is now a disco until 1 but I think you'll all agree a fantastic night of celebrations once again as SQW has a lot to shout about. So that's the formal part of the evening done but I will leave you to watch the film about The Welsh Wizards "Inspire a Generation" as this is all about the future and life blood of our sport! And I think you'll agree we have a lot to shout about here in Wales. Goodnight...
