

WALES – M070 – CARDIFF 2017

Welsh over 70`s men`s squash team, without our no.1 did well to come 2nd, --just ! Especially as we lost our no2 Haydn Jones through injury in the first match v Scotland, when he was cruising to a win.

So with two new members at 4 and 5 in Peter Kerry and Duncan Jones we did well as a team. Leighton Jenkins at no1 was successful against Ireland and Scotland and Brian Phillips [well over 70] managed to win against Ireland and Garry Williams [also well over 70] duly took Scottish and English opponents to 3.

What a pleasure it was to meet and play against old friends and to be reminded as always by the Irish, how gracious they are in winning. I was stuffed 3-0 by Ciaran and as we left the court he said “ how unlucky I was and that I was a better player than him” !!

The English always miss out, even though they usually win. Martin Pearse [capt] was in full bright colours with his collar turned up – like a pop star from the fifties. He looked like a parrot and talked like one.!

As ever the Welsh dominated the dancing on the Sat night [including Eric] and were still bopping when I went to bed.

The weekend was extremely well organised, venues and accommodation were great. Congratulations to Lynne and the team.

Garry Williams
MENS O70 Captain
